

I am a fourth grade teacher, and I enjoy listening to K-Love during my conference time. It helps me to put things in perspective and know that even when I am having a bad day, I can lean on my Heavenly Father for support. K-Love is an asset to my community. I know many people who listen to K-Love; they choose this station over many of the other stations they could listen to. In today's world, there are so many inappropriate things played on the radio by singers who are not good role models for our children. K-Love plays music that the whole family can enjoy and benefit from.
